

ALUMINIUM & WOODEN LAGS

FOR RAGTEARING

Better Engineering For Better Fibre

“To grow our global footprint across 120+ countries and partner with clients to build a circular economy through cutting-edge engineering support.”

PINNING EXCELLENCE ACROSS DECADES

ZUVON, a globally recognised brand under the esteemed Bajaj Industries umbrella, is a trusted manufacturer & supplier of high-quality pins, pinned products, and engineered components for the textile industry. With a robust global footprint, we continuously set new benchmarks in precision, efficiency and innovation for fibre processing applications.

Our expertise extends across multiple sectors, including the worsted industry, hard & bast fibre processing, recycling & rag tearing, and cotton preparation. By combining advanced manufacturing capabilities with stringent quality control, we ensure that every product meets the precise needs of leading textile manufacturers worldwide.

With a strong commitment to engineering excellence, we continue to drive innovation, efficiency, and reliability across diverse industries.

ALUMINIUM LAGS FOR RAG TEARING

Our lags are compatible with LAROCHE, MARGASA, BALKAN, ROLANDO, SCHIRP, DELLOROCO VILLANI, and other rag tearing machines.

- ♦ Available in a range of pin densities, fitted with high quality pins.
- ♦ Lags made from special grade aluminium ensuring longer working life.
- ♦ Perfect interlocking and balanced profile.
- ♦ Pins are fitted at an angle or radially depending on the customer needs.

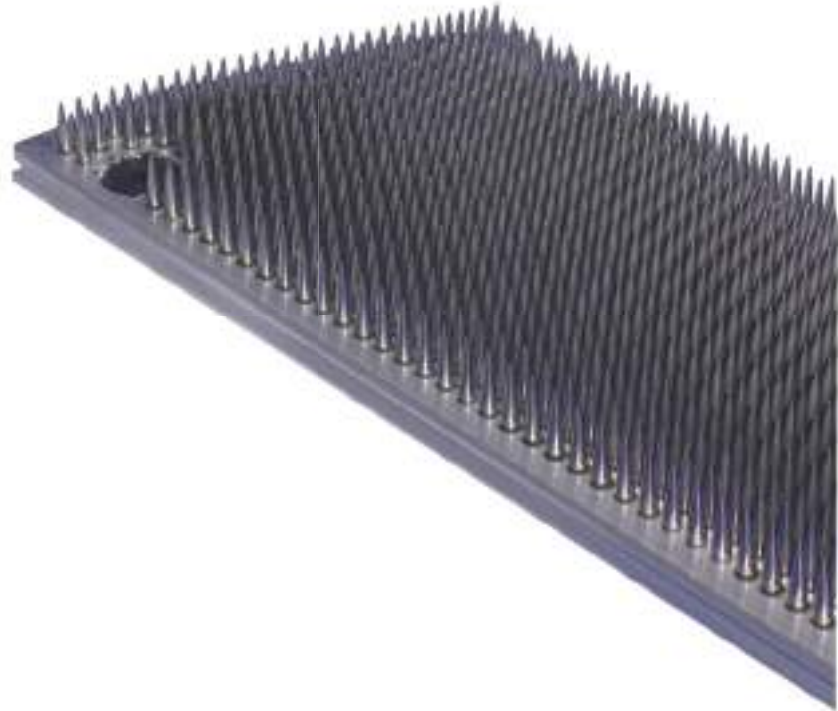

LAGS WITH
FLAT PINS

LAGS WITH
INCLINED PINS

DOUBLE WIDTH ALUMINIUM LAGS

- ♦ Fewer screw holes, leading to reduced mounting time
- ♦ More even pin distribution
- ♦ For initial opening (1st and 2nd cylinder) replacing conventional 15mm Lag with 12mm double width lag leads to cost saving.
- ♦ Carbon Steel heat treated pins for extra-long life
- ♦ Proven technology

WOODEN LAGS FOR RAG TEARING

- ♦ Made from high density laminated wood which prevents pin drop off.
- ♦ Fitted with either flat pins or round pins.

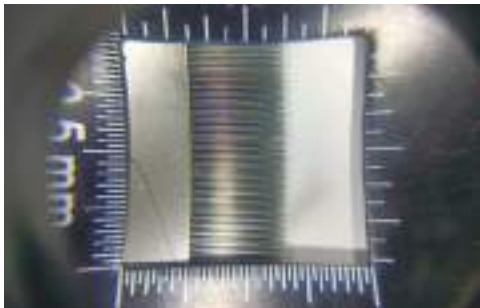

OUR PRODUCTS ARE COMPATIBLE WITH THE FOLLOWING MACHINE BRANDS

♦ LAROCHE

OUR WORLD-CLASS MANUFACTURING INFRASTRUCTURE

Our state-of-the-art production facility delivers high-performance products with unmatched precision.

ENGAGING WITH THE INDUSTRY

We engage with industry leaders and innovators through client interactions, on-site visits, and participation in international industry events. These touchpoints strengthen relationships, showcase our engineering excellence, and keep us aligned with the evolving needs of textile and industrial applications worldwide.

TRUSTED BY CLIENTS ACROSS 80+ COUNTRIES

We work closely with 100+ customers across 80+ countries globally.
We partner with Textile Mills, select OEMs, and Service Providers.
