

FALLER BAR & PIN STRIPS

Precision-Engineered for the Worsted Industry

Better Engineering For Better Fibre

To grow our global footprint across
120+ countries and partner with clients
to build a circular economy through
cutting-edge engineering support.

PINNING EXCELLENCE
ACROSS DECADES

ZUVON, a globally recognised brand under the esteemed Bajaj Industries umbrella, is a trusted manufacturer & supplier of high-quality pins, pinned products, and engineered components for the textile industry. With a robust global footprint, we continuously set new benchmarks in precision, efficiency and innovation for fibre processing applications.

Our expertise extends across multiple sectors, including the worsted industry, hard & bast fibre processing, recycling & rag tearing, and cotton preparation. By combining advanced manufacturing capabilities with stringent quality control, we ensure that every product meets the precise needs of leading textile manufacturers worldwide.

With a strong commitment to engineering excellence, we continue to drive innovation, efficiency, and reliability across diverse industries.

FALLER BAR **NEO**

In line with our commitment to continuous improvement, the NEO range of faller bars is a premium upgrade engineered for enhanced performance, durability and user convenience. Designed for demanding operations, these faller bars deliver long-term reliability and superior usability for high-performance applications.

The entire faller bar is made from case hardened steel, with ends specially extra-hardened—ensuring smooth and reliable operation.

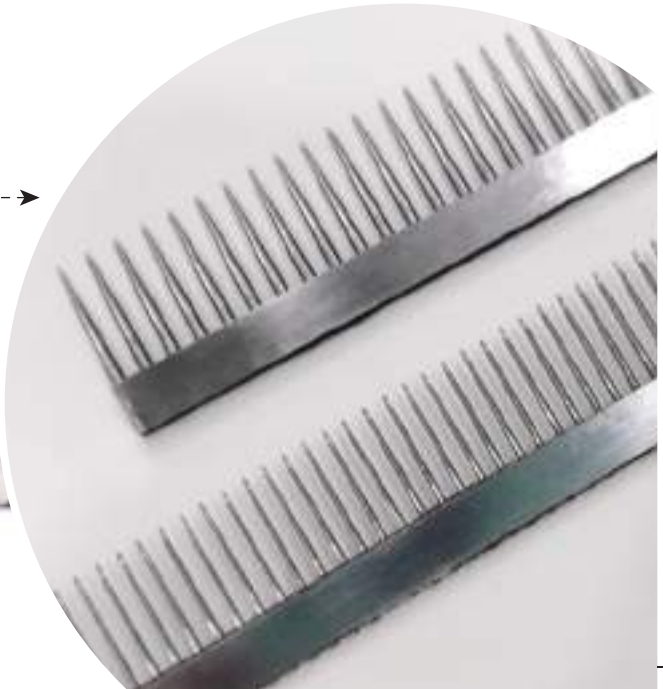

Metallic strips for faller bars are securely fixed using glue or soldering—ideal for hard fibres and eliminating any risk of pins or strips dislodging during operation.

Pins are manufactured from a special alloy-based tooling steel, offering significantly enhanced wear resistance compared to conventional high carbon steel pins.

Our range of metallic pin strips includes both round and flat pin options.

OUR PRODUCTS ARE COMPATIBLE WITH MACHINES OF FOLLOWING

- ◆ NSC SCHLUMBERGER

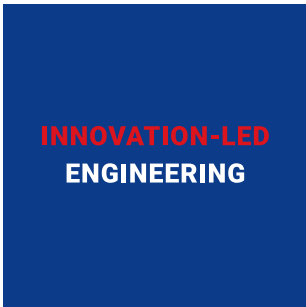

◆ ST. ANDREA
- ◆ OKK

◆ COGNETEX
- ◆ WARNER & SWASEY

◆ OTHERS

OUR WORLD-CLASS MANUFACTURING INFRASTRUCTURE

Our state-of-the-art production facility delivers high-performance faller bars and pin strips with unmatched precision.

ENGINEERED IN INDIA, TRUSTED GLOBALLY

ENGAGING WITH THE INDUSTRY

We engage with industry leaders and innovators through client interactions, on-site visits, and participation in international industry events. These touchpoints strengthen relationships, showcase our engineering excellence, and keep us aligned with the evolving needs of textile and industrial applications worldwide.

TRUSTED BY CLIENTS ACROSS 80+ COUNTRIES

We work closely with 100+ customers across 60+ countries globally.
We partner with Textile Mills, select OEMs, and Service Providers.
